Liquor Control Board of Ontario

454 UNIVERSITY AVENUE,
TORONTO 2, ONTARIO,
FEBRUARY 16TH, 1942.

To THE HONOURABLE MITCHELL F. HEPBURN,
Prime Minister and Provincial Treasurer of Ontario,
Parliament Buildings, Toronto 5, Ontario.

Sir:—

I have the honour to submit herewith the Fifteenth Report of the Liquor Control Board of Ontario for the twelve months' fiscal period which ended the 31st of March, 1941.

FINANCIAL STATEMENT

The Balance Sheet, certified to by Messrs. Robertson, Robinson, McCannell & Dick, Chartered Accountants, shows the amount of fixed assets to be \$117,426.90. This amount represents the value of the Board's real estate, consisting of the land and buildings situated at 154 Wellington St. W., Toronto, and 201 Victoria Ave., Fort William, occupied as Warehouses, and, the value of all furniture, equipment and alterations in the various premises occupied by the Board, less depreciation, which, since the commencement of operations in June, 1927, has been provided to an extent of \$1,025,458.00.

Other assets totalled \$5,236,799.00 being comprised of the following items:—

Cash on hand and in transit from branch banks	\$ 267,342.29
Accounts Receivable—hospital charge sales, beer levies, duty recoverable items, freight claims, fines, etc.	307,685.58
Inventories of liquors and supplies	4,628,775.35
Prepaid items	32,995.78

Liabilities amounted to \$2,733,498.66 as follows:—

Accounts Payable—for liquors and supplies, accrued charges, etc.	2,703,827.24
Due Provincial Treasurer—for permit sales and confiscated stock.....	29,671.42

An increase in inventory values will be noted. This is due to larger stocks being carried, particularly of imported goods, in order to guard against the possibility of delayed deliveries or losses from enemy action.

Sales of permits during the twelve months amounted to a net figure of \$578,765.52 which, with the amount unpaid from the previous year of \$14,869.68, totalled \$593,635.20 of which \$575,000.00 was remitted to the Provincial Treasurer, in accordance with the requirements of the Liquor Control Act of Ontario, Section 18 (2).

The amount of \$1,232.56 represents the advance sale of 1941-1942 Permits less expenses.

The item of \$9,803.66 represents a balance due to the Provincial Treasurer for forfeited liquor, which was purchased by the Board after careful examination, and in accordance with the provisions of Section 132 (2) of the Act.

Contingent liabilities amounted \$2,707,116.15. These items comprise the value of undelivered orders and, also, the amount of customs or excise duties which will have to be paid on the goods which were in bond on our premises March 31st, when the same are cleared. These items are not chargeable against, nor do they affect the operations of the Board for the period under review.

The Profit and Loss Account shows sales for the twelve months from Liquor Control Board Stores of \$26,847,956.82.

The same account shows a gross trading profit of \$8,982,582.75 with total expenses including depreciation and items written off, of \$1,847,484.95 which resulted in a net trading profit of \$7,135,097.80. This latter sum together with other revenue which amounted to \$4,580,312.27 resulted in a total profit of \$11,715,410.07 which is carried to the Surplus Account.

For the purpose of comparison, the percentage that the cost of stock sold, miscellaneous earnings and expenses and other revenue bear to the sales are given for the fiscal year of 1940 and the twelve months' period herewith reported upon.

The Surplus Account shows a balance at the commencement of the period of \$1,132,698.39, this being the amount of accumulated profits from previous years' operations which had not been transferred to the Provincial Treasurer. After deducting \$2,381.22 which represented sundry adjustments, the addition of the twelve months' profit of \$11,715,410.07 resulted in a total amount of \$12,845,727.24. From this sum \$10,225,000.00 was remitted to the Provincial Treasurer. The total payments to the Provincial Treasurer during the twelve months were, therefore:—

On Account of Profits	\$10,225,000.00
On Account of Permits	575,000.00
	<hr/>
	\$10,800,000.00
	<hr/>

Besides the Balance Sheet, Profit and Loss Account, and the Surplus Account, a statement showing the Expenses of Administration and Operation (Schedule I) for the twelve months is also attached. Individual percentages which these expenses bear to the total sales are given for the twelve months and also for the preceding fiscal period. On March 31st, 1941, the staff comprised 916 employees, 94 of these being part-time or seasonally employed as against 825 permanent and 62 part-time employees at the previous year-end.

In addition, all Liquor Board stores, brewers' retail stores, breweries and wineries privileged to sell alcoholic beverages in Ontario, as of March 31st, 1941, are set forth on Schedule II; a classification of permits and licenses issued appears on Schedule III, and a summary of Authorities, Standard Hotel Licenses and Light Beer Permits issued, cancelled, suspended, surrendered and reinstated during the year, with the number operative on March 31st, is set forth on Schedule IV.

SALES

The sale of spirits, beer and wine from liquor stores during the twelve months amounted to \$26,847,956.82. The net value of beer sold from breweries and brewers' retail stores, i.e. exclusive of any charge for containers, totalled \$34,599,089.80. Sales of native wines made direct to customers from Licensed native wine sales offices, and, where permitted, from the winery premises, amounted to \$2,636,513.54.

The following comparative sales statistics are given for the fiscal year under review and also for the preceding twelve months:—

Total.....	30,562,132	34,882,150	4,320,018	Inc. 14.1

The above statistics show that sales of spirits, wines and beers through the liquor stores increased to an extent of \$4,027,267.09. Notwithstanding this increase, operating and administration expenses, including depreciation, at \$1,847,484.95, were \$14,562.64 lower than during the preceding year.

As mentioned before in this report, the Board paid to the Provincial Treasurer the sum of \$10,225,000.00 on account of profits, license fees, etc., and a further sum of \$575,000.00 from sales of individual permits. The Board also paid, in accordance with the law, to the various municipalities, 20% of the fees received from Hotel Authorities, such amount totalling \$266,033.13, which was distributed to 310 municipalities.

Additional to the above substantial payments, the Dominion Government received during the course of the year in Customs and Excise Duties and Sales and Excise Taxes on spirits, wines and imported beers purchased by the Board \$10,587,921.55 and there also was paid to the Dominion Government for Malt Duties and Taxes on domestic beers and wines sold in Ontario approximately \$9,000,000.00, making a total of about \$19,500,000.00.

It will, therefore, be seen that the grand total of revenue payments received by the respective Municipal, Provincial and Dominion Governments reached a total of over \$30,000,000.00 as a result of levies on alcoholic beverages sold in Ontario during the year which, of course, was exclusive of Municipal realty and Provincial and Dominion corporation taxes paid by the respective manufacturers.

When it is borne in mind that the whole burden of the business, its risks and difficulties, as well as the expense of affording adequate supervision and policing, falls on the Province, it is manifest that the present division of revenue from this traffic is much in favour of the Dominion Government. In the opinion of this Board, further Dominion taxation imposts will merely defeat their own object by tending to recreate the bootlegging industry.

STORES

The number of liquor stores in operation on March 31st, was one hundred and twenty-nine, being unchanged from the previous year-end.

Four stores were moved to new locations, i.e.—

BREWRIES AND BREWERS' RETAIL STORES

On March 31st, 1941, there were twenty-two Ontario and four Quebec breweries licensed to sell their products in Ontario, such numbers being unchanged from the previous year.

The following breweries changed their corporate names:

Cosgrave's Dominion Brewery (East Toronto) Limited on April 1st, 1940.

The Carling-Kuntz Breweries Limited, Waterloo,

to

The Carling Breweries Limited on June 22nd, 1940.

The gallonage of domestic strong beer sold in Ontario during the years 1937 to 1941 inclusive, as computed from the sales records of the Board and with respect to sales to destinations outside Ontario from the monthly reports of the Ontario brewers, was as follows:—

The number of Brewers' Retail Stores in operation at the year-end totalled one hundred and eight, two retail stores being closed during the period—at the following locations:—

108W New Hamburg—on April 30th, 1940.

61W Windsor, 966 Drouillard Road—on June 29th, 1940.

From June 1st to September 16th, a Brewers' Retail Store was operated at Jackson's Point.

No additional Brewers' Retail Stores were opened during the year.

During the twelve months under review, six Brewers' Retail Stores were moved to new locations, as follows:—

6 W—Toronto—From 1267 Queen St. West to 1257 Queen St. West, as of April 29th, 1940.

38W—Sarnia—From 143 Victoria Ave. to 210 Maxwell St., as of October 5th, 1940.

The consumption of beer throughout the province increased in volume almost 15%. In the production of beer in Canada, in addition to malted barley, the ingredients entering into the manufacture of ale, porter, lager and stout are hops and water, and to meet the demand of some of the public for the lighter-bodied lager beer, a proportion of rice is used instead of malt by some brewers.

The brewing of beer is a highly scientific process and its quality is not governed by its alcoholic content but by the use of first-class malt and hops, or rice, as the case may be, suitable water, the maintenance of proper temperatures during the various processes, thorough cleanliness and a knowledge of the process that can only be gained by long experience.

For some years past, the policy of the Liquor Control Board has been to have periodical analyses made by the Chief Provincial Analyst of all brands of beer produced by the Ontario Breweries, as well as the products of the Quebec Breweries, who are licensed to sell in the Province. The analyses last year indicated that all the samples examined conformed to the requirements of the regulations passed pursuant to the Food and Drugs Act of Canada for ale or beer.

WINERIES

Supervision of the quality of native wine was maintained for the Board by the Provincial Department of Health through periodical analyses. 309 samples were tested and from time to time constructive suggestions were offered to a number of the manufacturers.

The Board, by negotiation with the wine manufacturers and the grape-growers, were able to maintain the price agreement which has been in effect for some years, whereby the growers received a minimum price of \$40.00 per ton for their grapes. This policy which enables the grower to keep his vineyard in good condition and produce high-grade grapes, along with the centralizing of the manufacture of native wine in connection with which improved manufacturing apparatus and facilities can be utilized, has contributed largely to the improvement in Ontario wines which has taken place during the past few years.

During the year, one winery changed ownership, i.e., the Hillrust Wine Company Limited which was purchased by Bright's Wines Limited on August 31st, 1940, and operated from September 18th, 1940 under the new corporate name.

The following transfers of Sales Offices to other premises were authorized during the year:—

<u>License</u>	<u>From</u>	<u>To</u>	<u>Opening Date at New Location</u>

Grapes used for brandy.....	2,370 tons
Cherries used for wine	184 tons	62 tons
	<hr/> 19,034 tons	<hr/> 19,917 tons

Last year, 176,564 gallons of native wine were distilled into grape spirit for wine fortification, while during the year under review 271,680 gallons were used for such purposes.

The sale of Canadian Brandy, which is produced from Ontario grapes, amounted to 23,349 gallons, an increase of 9,490 gallons over the previous year.

At the close of the year, there were twenty-two winery licenses operative, a decrease of one from the end of the previous year, direct sales to customers being made from the premises of seven wineries and forty-two branch retail sales shops.

HOME-MADE WINE PERMITS

Regulations designed to check the bootlegging of home-made wine, which became effective on January 1st, 1940, require that any person manufacturing more than 100 gallons of home-made wine must obtain a permit from the Board. The issuance of these permits commenced on January 10th, 1940. 332 home-made wine permits were issued during the fiscal period ending March 31st, 1941, a decrease of 401 compared with the previous year. Fourteen were cancelled for failure to comply with the regulations. From the applications submitted, a computation shows that 495 tons of Ontario grown fruit were used in production of the home-made wine covered by the above permits and that 65,305 gallons were made. The regulations in question have made it possible for a definite control to be exercised over the production and consumption of home-made wine and undoubtedly have eliminated abuses.

AUTHORITIES FOR THE SALE OF BEER AND WINE

Complete details by Municipalities of the number of Authorities which were issued, cancelled, suspended or surrendered during the year, together with reinstatements, are set forth on Schedule IV.

On March 31st, 1941—the end of the fiscal year—there were 1,198 Hotel Authorities in operation, 235 Club Authorities, 165 Military Mess Authorities and one Railway Authority.

Authorities were issued for six months to 46 Summer Hotels. Of these, seven were extended to an annual basis after payment of the required additional fee.

The fee for Hotel, Railway and Club Authorities was continued at seven cents per gallon of beer purchased and a five percent levy on wine purchased. The minimum fee of \$300.00 per annum for full year Hotel and Railway Authorities, \$150.00 for six months' Summer Hotel Authorities, \$100.00 for Social Clubs and \$50.00 for Soldier and Labour Clubs, remained unchanged.

The annual fees for Steamship Authorities and Military Mess Authorities were \$50.00 and \$30.00 respectively.

With regard to the sale of beer on the premises of hotel and club authority holders, an intensive inspection service is in operation to ensure that a high standard of cleanliness is observed and particularly that all pipes, connections and taps used in the serving of draught beer are thoroughly cleansed daily and that all glasses are immersed in a sterilizing solution and properly rinsed after each time used.

HOTELS

On March 31st, 1941, 1,329 Standard Hotel Licenses were effective, of which 1,198 possessed an Authority to sell beer and wine; 38 were holders of Light Beer Permits and 93 held only the Standard Hotel License. There was no change in fees.

A comprehensive inspection of all hotels is being maintained and a conduct report covering each premises is submitted at least once a month and a more detailed report once each year.

It has been emphasized to the inspection staff that special attention must always be given to the question of fire prevention and safety of guests in hotels. In connection therewith, the whole-hearted co-operation of the Ontario Fire Marshall and his staff has been obtained and they materially assist in carrying out this very important and necessary work.

Failure on the part of any Authority Holder to comply with the Board's regulations and orders in the conduct of his premises, results, of course, in greater supervision on the part of the Board's Inspectors and when deemed necessary, disciplinary action.

The co-operation of Municipal and Provincial Police throughout the Province is gratefully acknowledged, all of which has contributed to improved conditions.

PERMITS

The social side of the Board's work must not be forgotten. A special staff is employed for the purpose of investigating matters of a social nature involving the excessive consumption of alcoholic beverages. The assistance of a number of Associations and people who have devoted their lives in the great field of social reform, as well as the various Municipal Relief Organizations, has been freely extended.

It should be borne in mind that the consumption of alcoholic beverages varies in accordance with economic conditions. Periods of prosperity increases it. It decreases with periods of decreased purchasing power. The advance of moderation and self-restraint will always play a most important part. After the experience of prohibitory legislation on the North American continent, it is clear that moral advance and the personal acceptance of voluntary limitation, if not voluntary abstinence, is the real solution of evils rising from the abuse of intoxicating liquors. The Board considers that a person's purchasing privileges should be denied in cases where liquor has been abused, purchased for resale, or bought at the expense of the home. Liquor should be purchased after, and a long way after, the necessities of life, if proper living conditions are to be maintained.

From April 1st, 1940 to March 31st, 1941, there were 39,873 individual Annual Liquor Permits issued. The sales of Single Purchase Permits totalled 3,403,001. Individual Permits sold to non-residents, valid for a period not exceeding one month, numbered 27. In addition 2,278 Special Permits were issued to Physicians, Druggists, Hospitals, etc.

In accordance with the requirements of the Act, the Board, after thorough investigation, deemed it advisable during the year to issue 3,176 Prohibitory Orders. Such action followed either notification relative to conviction for violation of the Act, or the receipt of a request or recommendation from some interested party, such as a relative, friend, magistrate, police officer, physician, relief officer, etc. These Prohibitory Orders comprised 559 full Board Orders which precluded the individual concerned from purchasing alcoholic beverages from any source, of which 35 resulted from Judges' Orders of Interdiction.

The remaining 2,617 were Orders which restricted the individual's liquor privileges.

Of these 2,617 cases, 1,001 were the result of convictions having been registered under the Criminal Code of Canada for intoxication while in charge of an automobile. A further 870 followed the conviction of the individual for violation of the Liquor Control Act, and the premises of 673 of these were declared a "public place" within the meaning of the Act. The other Orders were issued as being in the best interests of all concerned according to the judgment of the Board from the available information at hand.

During the year, after full investigation and consideration, it was decided to revoke 402 of the Prohibitory Orders which had been made effective at some prior date.

1,642 Special Permits were issued to Druggists. These Permits allowed the druggist to purchase alcohol in limited quantities for compounding and pharmaceutical purposes and also accorded him the privilege of buying rubbing alcohol for re-sale. The premises of all holders of Druggists' Special Permits were subject to periodical inspection and, in addition, druggists were required to file monthly with the Board a report of all rubbing alcohol sales.

Efforts were continued to prevent the use of rubbing alcohol as a beverage and during the year the names of 59 addicts were posted with all druggists in the larger communities of the Province.

GENERAL

The Board wishes once again to express its sincere thanks and appreciation to a loyal and competent staff, both at Head Office and throughout the Province, for the faithful manner in which they have performed their duties.

I have the honour to be, Sir,

Your obedient servant,

A. ST. C. GORDON,

Chief Commissioner.

Liquor Control Board of Ontario

454 UNIVERSITY AVENUE,
TORONTO 2, ONTARIO,
FEBRUARY 9TH, 1943.

To THE HONOURABLE MITCHELL F. HEPBURN,
Provincial Treasurer of Ontario,
Parliament Buildings, Toronto 5, Ontario.

Sir :—

I have the honour to submit herewith the Sixteenth Report of the Liquor Control Board of Ontario for the twelve months' fiscal period which ended the 31st of March, 1942.

FINANCIAL STATEMENT

The Balance Sheet, certified to by Messrs. Robertson, Robinson, McCannell & Dick, Chartered Accountants, shows the amount of fixed assets to be \$102,177.00. This amount represents the value of the Board's real estate, consisting of the land and buildings situated at 154 Wellington St. W., Toronto, and 201 Victoria Ave., Fort William, and 28 Silver Street, Cobalt, occupied as Warehouses or Stores, and the value of all furniture, equipment and alterations in the various premises of the Board, less depreciation, which, since the commencement of operations in June, 1927, has been provided to an extent of \$1,058,367.02.

Other assets totalled \$6,010,169.97 being comprised of the following items :—

Cash on hand and in transit from branch banks.....	\$ 279,420.94
Accounts Receivable—hospital charge sales, beer levies, duty recoverable items, freight claims, fines, etc.....	376,399.70
Inventories of liquors and supplies	5,328,690.96
Prepaid items	25,658.37

Liabilities amounted to \$2,154,258.67 as follows :—

Accounts Payable—for liquors and supplies, accrued charges, etc.....	\$2,139,813.03
Due Provincial Treasurer—for permit sales and confiscated stock	14,445.64

Sales of Individual and Special Permits during the twelve months amounted to a net figure of \$731,070.58, which, with the amount unpaid from the previous year of \$18,635.20 totalled \$749,705.78, of which \$740,000.00 was remitted to the Provincial Treasurer, in accordance with the requirements of The Liquor Control Act of Ontario, Section 18 (2).

The item of \$4,739.86, which after a payment to the Provincial Treasurer of \$10,000.00, represents a balance due for forfeited liquor, which was purchased by the Board after careful examination, and in accordance with the provisions of Section 132 (2) of the Act.

Contingent liabilities amounted to \$4,850,605.12. These items comprise the value of undelivered orders, and, also, the amount of customs or excise duties which will have to be paid on the goods, which were in bond on our premises March 31st, when the same are cleared. These items are not chargeable against, nor do they affect the operations of the Board for the period under review.

The Profit and Loss Account shows sales for the twelve months from Liquor Control Board Stores of \$33,035,843.66.

The same account shows a gross trading profit of \$10,839,821.00 with total expenses including depreciation and items written off, of \$1,948,642.50, which produced a net trading profit of \$8,891,178.50. This latter sum, together with other revenue derived from fees and taxes on Brewers and Wine Manufacturers and their products, as well as Authority holders and from fines, which amounted to \$5,445,815.82, resulted in a total net income of \$14,336,994.32, which is carried to the Surplus Account.

For the purpose of comparison, the percentage that the cost of stock sold, miscellaneous earnings and expenses, and other revenue bear to the sales are given for the fiscal year of 1941, and the twelve months' period herewith reported upon.

The Surplus Account shows a balance at the commencement of the period of \$2,620,727.24, this being the amount carried forward from previous years' operations, which had not been transferred to the Provincial Treasurer. After adding \$366.74 which represented sundry adjustments and the twelve months' net income of \$14,336,994.32, a total amount is shown of \$16,958,088.30. From this sum \$13,000,000.00 was remitted to the Provincial Treasurer. The total payments to the Provincial Treasurer during the twelve months were, therefore:—

On Account of Profits	\$13,000,000.00
On Account of Permits	740,000.00
On Account of Forfeited Liquor purchased from Provincial Treasurer..	10,000.00
	\$13,750,000.00

Besides the Balance Sheet, Profit and Loss Account, and the Surplus Account, a statement showing the Expenses of Administration and Operation (Schedule I) for the twelve months is also attached. Individual percentages which these expenses bear to the total sales are given for the twelve months and also for the preceding fiscal period. On March 31st, 1942, the staff comprised 943 employees, 121 of these being part-time or seasonally employed as against 916 permanent and 94 part-time employees at the previous year-end.

In addition, all Liquor Control Board stores, brewers' retail stores, breweries and Wineries privileged to sell alcoholic beverages in Ontario, as of March 31st, 1942, are set forth on Schedule II; a classification of permits and licenses issued appears on Schedule III, and a summary of Authorities, Standard Hotel Licenses and Light Beer Permits issued, cancelled, suspended, surrendered and re-instated during the year, with the number operative on March 31st, is set forth on Schedule IV.

SALES

The sale of spirits, beer and wine from liquor stores during the twelve months amounted to \$33,035,843.66. The net value of beer sold from breweries and brewers' retail stores, i.e. exclusive of any charge for containers, totalled \$45,548,177.25. Sales of native wine made direct to customers from Licensed native wine sales offices, and, where permitted, from the winery premises, amounted to \$2,903,584.28.

The following comparative sales statistics are given for the fiscal year under review and also for the preceding twelve months:—

Total.....	34,882,150	42,348,213	7,466,063	Inc. 21.4

The above statistics show that sales of spirits, wines and beers through the liquor stores increased to an extent of \$6,187,886.84. Operating and administration expenses, including depreciation at \$1,948,642.50, were higher to an extent of \$101,157.55 as compared with the preceding year.

As shown before in this report, the Board paid to the Provincial Treasurer the sum of \$13,000,000.00 on account of Profits, License Fees, etc., \$740,000.00 from sales of Individual Permits, and \$10,000.00 for forfeited liquor. The Board also paid, in accordance with the law, to the various municipalities, 20% of the fees received from Hotel Authorities, such amount totalling \$308,844.21, which was distributed to 317 municipalities.

Additional to the above substantial payments, the Dominion Government received during the course of the year in Customs and Excise Duties and Sales and Excise Taxes on spirits, wines and imported beers purchased by the Board \$12,213,699.94. There also was paid to the Dominion Government for Malt Duties and Taxes on domestic beers and wines sold in Ontario approximately \$13,800,000.00, making a total of about \$26,000,000.00.

It will, therefore, be seen that the grand total of revenue payments received by the respective Municipal, Provincial and Dominion Governments reached a total of \$40,000,000.00 as a result of levies on alcoholic beverages sold in Ontario during the year. This amount was exclusive of Municipal realty and Provincial and Dominion corporation taxes paid by the respective manufacturers.

Since the commencement of operations of the Liquor Control Board of Ontario in June, 1927, until March 31st, 1942, payments to the Provincial Treasurer have reached a grand total of \$138,705,671.00.

The number of liquor stores in operation on March 31st, was one hundred and thirty; one additional store having been opened on August 26th, 1941, at 131 Erie Street South, Ridgetown.

As mentioned in previous reports, the policy of the Liquor Control Board has been to have periodical analyses made by the Chief Provincial Analyst of all brands of beer produced by the Ontario Breweries, as well as the products of the Quebec Breweries, who are licensed to sell in the Province. The analyses last year indicated that all the samples examined conformed to the requirements of the Regulations passed pursuant to The Food and Drugs Act of Canada for ale or beer.

WINERIES

Supervision of the quality of native wine was maintained for the Board by the Provincial Department of Health through periodical analyses.

The Board carried out the usual negotiations with the wine manufacturers and the grape-growers whereby the price stabilization programme, which has been in effect for some years with respect to grapes delivered to the wineries for wine making was maintained. As a matter of record, during the year reviewed herewith the price paid by the wine manufacturer to the grower was raised Ten Dollars per ton to Fifty Dollars.

On March 31st, 1942, there were twenty-one wineries operating in Ontario. Sales were conducted direct from the premises of six wineries and from forty-three branch retail sales offices.

During the year, one winery changed ownership, i.e., The Royal City Winery of Guelph, which was purchased by The London Winery Limited. Operations under the new corporate name commenced on May 3rd, 1941.

Since the Regulations which were designed to check the bootlegging of Home-made Wine became effective on January 1st, 1940, and which required that any person manufacturing more than 100 gallons of Home-made Wine must obtain a Permit from the Board, 1,065 Home-made Wine Permits had been issued up to March 31st, 1941.

During the fiscal year herein reviewed a further 89 Home-made Wine Permits have been issued, thus bringing the total to 1,154.

Since January 1st, 1940, 19 Home-made Wine Permits were cancelled for failure on the part of the Permittee to comply with these Regulations or other provisions of The Liquor Control Act.

AUTHORITIES FOR THE SALE OF BEER AND WINE

Complete details by Municipalities of the number of Authorities which were issued, cancelled, suspended or surrendered during the year, together with reinstatements, are set forth on Schedule IV.

On March 31st, 1942, the end of the fiscal year—there were 1,195 Hotel Authorities in operation, 255 Club Authorities, and 216 Military Mess Authorities.

Authorities were issued for six months to 41 Summer Hotels. Of these, one was extended to an annual basis after payment of the required additional fee.

The fee for Hotel, Railway, Social and Labour Club Authorities was continued at seven cents per gallon of beer purchased and five percent of the value of wine bought. For Veterans' Club Authorities the fee was fixed as of November 1st, 1941, at four cents per gallon of beer purchased when only bottled beer is sold. In the event of draught and bottled beer being sold, the fee remained unchanged at seven cents per gallon.

The minimum fee of \$300.00 per annum for full year Hotel and Railway Authorities, \$150.00 for six months Summer Hotel Authorities, \$100.00 for Social Clubs and \$50.00 for Labour and Veterans' Clubs was continued.

The annual fees for Steamship Authorities and Military Mess Authorities were \$50.00 and \$30.00 respectively.

HOTELS

On March 31st, 1942, 1,314 Standard Hotel Licenses were effective, of which 1,195 possessed an Authority to sell beer and wine; 32 were holders of Light Beer Permits and 87 held only the Standard Hotel License. There was no change in fees.

Frequent inspections were made of all hotels and clubs in the Province by the Board's twenty-two Inspectors, who are required to submit monthly conduct reports in respect of each premises visited, and also a more detailed report once per year.

The Hotel Inspection Staff continued to implement the Regulations dealing with sterilization and cleansing of beverage glasses and other utensils in use in hotels and authorized premises throughout the Province, and special attention was given to fire protection and prevention methods in all licensed and authorized premises.

The Board gratefully acknowledge their indebtedness to the Provincial Police Force and Municipal Police Force for continued assistance and co-operation throughout the year.

PERMITS

From April 1st, 1941, to March 31st, 1942, there were 43,098 Individual Annual Liquor Permits issued. The sales of Single Purchase Permits totalled 4,435,802. Individual Permits sold to non-residents, valid for a period not exceeding one month, numbered 19. In addition 2,269 Special Permits were issued to Physicians, Druggists, Hospitals, etc.

In accordance with the requirements of the Act, the Board, after thorough investigation, deemed it advisable during the year to issue 2,974 Prohibitory Orders. Such action followed either notification relative to conviction for violation of the Act, or the receipt of a request or recommendation from some interested party, such as a relative, friend, magistrate, police officer, physician, relief officer, etc. These Prohibitory Orders comprised 646 full Board Orders which precluded the individual concerned from purchasing alcoholic beverages from any source, of which 35 resulted from Judges' Orders of Interdiction.

The remaining 2,328 were Orders which restricted the individual's liquor privileges.

Of these 2,328 cases, 954 were the result of convictions having been registered under the Criminal Code of Canada for intoxication while in charge of a motor vehicle. A further 683 followed the conviction of the individual for violation of The Liquor Control Act, and the premises of 544 of these were declared a "public place" within the meaning of the Act. The other Orders were issued as being in the best interests of all concerned according to the judgment of the Board from the available information at hand.

During the year, after full investigation and consideration, it was decided to fully revoke 379 and partially revoke 75 of the Prohibitory Orders which had been made effective at some prior date.

1,621 Special Permits were issued to Druggists. These Permits allowed the druggist to purchase alcohol in limited quantities for compounding and pharmaceutical purposes and also accorded him the privilege of buying rubbing alcohol for re-sale. The premises of all holders of Druggists' Special Permits were subject to periodical inspection and, in addition, druggists were required to file monthly with the Board a report of all rubbing alcohol sales.

Efforts were continued to prevent the use of rubbing alcohol as a beverage and during the year the names of 79 addicts were posted with all druggists in the larger communities of the Province.

GENERAL

The Board desires to record their appreciation to a loyal and competent staff for the faithful manner in which they have performed their duties.

I have the honour to be, Sir,

Your obedient servant,

A. ST. C. GORDON,

Chief Commissioner.

Liquor Control Board of Ontario

454 UNIVERSITY AVENUE,
TORONTO 2, ONTARIO
JANUARY, 17TH, 1944.

To THE HONOURABLE LESLIE E. BLACKWELL,
Attorney General of Ontario,
Parliament Buildings, Toronto 5, Ontario.

Sir,—

I have the honour to submit herewith the Seventeenth Report of the Liquor Control Board of Ontario for the twelve months' fiscal period, which ended the 31st of March, 1943.

FINANCIAL STATEMENT

The Balance Sheet, certified to by Messrs. Robertson, Robinson, McCannell & Dick, Chartered Accountants, shows the amount of fixed assets to be \$102,177.00. This amount represents the value of the Board's real estate, consisting of the land and buildings situated at 154 Wellington Street West, Toronto, 210 Victoria Avenue, Fort William, and 28 Silver Street, Cobalt, occupied as Warehouses or Stores, and the value of all furniture, equipment and alterations in the various premises of the Board, less depreciation, which, since the commencement of operations in June, 1927, has been provided to an extent of \$1,086,624.67.

Other assets totalled \$6,495,787.04 being comprised of the following items:

Cash on hand and in transit from branch banks	\$ 251,819.75
Accounts Receivable—hospital charge sales, beer levies, duty recoverable items, freight claims, fines, etc.	389,944.17
Inventories of liquors and supplies	5,826,403.37
Prepaid items	27,619.75

Liabilities amounted to \$1,383,554.35 as follows:

Accounts Payable—for liquors and supplies, accrued charges etc.	\$1,332,447.25
Due Provincial Treasurer—for permit sales and confiscated stock	51,107.10

Sales of Individual and Special Permits during the twelve months amounted to a net figure of \$1,064,036.39, which, with an amount unpaid from the previous year of \$9,705.78, and a prior sale of 1943-4 Permits of \$21,290.84, totalled \$1,095,033.01, of which \$1,050,000.00 was remitted to the Provincial Treasurer in accordance with the requirements of The Liquor Control Act of Ontario, Section 18 (2).

The item of \$6,074.09 represents a balance due for forfeited liquor, which was purchased by the Board after careful examination, and in accordance with the provisions of Section 132 (2) of the Act.

Contingent liabilities amounted to \$4,067,276.57. These items comprise the value of undelivered orders, and, also, the amount of customs or excise duties which will have to be paid on the goods, which were in bond on our premises March 31st, when the same are cleared. These items are not chargeable against, nor do they affect the operations of the Board for the period under review.

The Profit and Loss Account shows sales for the twelve months from Liquor Control Board Stores of \$39,460,496.58.

The same account shows a gross trading profit of \$13,726,935.12 with total expenses including depreciation and items written off, of \$2,054,315.43, which produced a net trading profit of \$11,672,619.69. This latter sum, together with other revenue derived from fees and taxes on Brewers and Wine Manufacturers and their products, as well as from Authority holders and from fines, which amounted to \$5,809,639.19, resulted in a total net income of \$17,482,258.88, which is carried to the Surplus Account.

For the purpose of comparison, the percentage that the cost of stock sold, miscellaneous earnings and expenses, and other revenue bear to the sales are given for the fiscal year of 1941-2, and the twelve months' period herewith reported upon.

The Surplus Account shows a balance at the commencement of the period of \$3,958,088.30, this being the amount carried forward from previous years' operations, which had not been transferred to the Provincial Treasurer. After deducting \$937.49 which represented sundry adjustments and the addition of the twelve months' net income of \$17,482,258.88, a total amount is shown of \$21,439,409.69. From this sum \$16,225,000.00 was remitted to the Provincial Treasurer. The total payments to the Provincial Treasurer during the twelve months were, therefore:—

On account of Profits	\$16,225,000.00
On account of Permits	1,050,000.00
<hr/>	
	\$17,275,000.00

Beside the Balance Sheet, Profit and Loss Account, and the Surplus Account, a statement showing the Expenses of Administration and Operation (Schedule 1) for the twelve months is also attached. Individual percentages which these expenses bear to the total sales are given for the twelve months and also for the preceding fiscal period. On March 31st, 1943, the staff comprised 944 employees, 107 of these being part-time or seasonally employed as against 822 permanent and 121 part-time employees at the previous year-end.

In addition, all Liquor Control Board Stores, Brewers' Retail Stores, Breweries and Wineries privileged to sell alcoholic beverages in Ontario, as of March 31st, 1943, are set forth on Schedule II; a classification of permits and licenses issued appears on Schedule III, and a summary of Authorities and Standard Hotel Licenses issued, cancelled, suspended, surrendered and reinstated during the year, with the number operative on March 31st, is set forth on Schedule IV.

SALES

In the Dominion Budget which was presented to Parliament on June 23rd, 1942, customs duties on imported spirits and excise duties on domestic spirits were increased by \$2.00 per gallon to \$10.00 and \$9.00 respectively. With regard to Empire brandies, the duty was raised to \$8.00, whereas, with respect to Canadian brandy made from the unadulterated juice of the grape, the increase was to \$7.00 per proof gallon. Further increases were made effective in duties on imported and domestic wines as well as on imported and domestic beers. Such increases in Dominion Customs and excise duties resulted in higher retail selling prices being established by this Board effective June 24th, 1942, on spirits of from .20 cents to .25 cents per small bottle, .30 cents to .50 cents on medium sized bottles and .60 cents to .75 cents on Imperial quarts, with greater increases on a few imported brands due to the manufacturers having raised their prices.

The prices of native wines were increased on July 2nd, 1942 from 1 cent to 9 cents per bottle and on domestic beers on August 17th, 1942, by 5 cents per carton of 6 small bottles, 10 cents per carton of 6 large bottles and 25 cents per carton of 2 dozen small or 1 dozen large bottles.

On December 16th, 1942, Order-in-Council P.C. 11,374 was passed by the Dominion Government pursuant to the War Measures Act approving of the "Wartime Alcoholic Beverages Order, 1942". This Order limited the proof gallonage of spirits obtainable by each Provincial Liquor Commission during the twelve months commencing November 1st, 1942, to not more than 70% of the proof gallonage obtained during the preceding twelve months. With respect to wine, the limitation was 80% and beer, 90%.

The Administrator of Alcoholic Beverages, Wartime Prices and Trade Board, stressed that he desired the available supply of alcoholic beverages released for consumption should be distributed as equitably as possible, so as to ensure that some would be available during every month.

The restrictive provisions of the "Wartime Alcoholic Beverages Order, 1942", together with the Administrator's request, necessitated the Board discontinuing on January 4th, 1943, the issuing of the Special Single Purchase Liquor Permit (.25 cents), applying more stringent sale limitations with respect to spirits, beer and wine, and reducing selling hours in retail sales outlets. A plan of allotting to each Authority holder, monthly, of a percentage of the gallonage of beer purchased during the same month of the "basic" period of the Dominion's Order was inaugurated on February 1st, 1943.

Further duties of \$2.00 per proof gallon on spirits were imposed by the Dominion Government in their Budget of March 2nd, 1943, at which time, the Minister of Finance stated that in view of representations having been received from various provincial governments of Canada relative to loss of provincial revenue that would result in succeeding fiscal years from the application of

the "Wartime Alcoholic Beverages Order, 1942", the Dominion Government would be willing to guarantee provincial liquor net revenues to the amount obtained from the twelve months' operations which ended June 30th, 1942, provided that retail selling prices were promptly raised by an amount equal to that of the Dominion's increase.

The Dominion's offer was accepted by the Ontario Government and the Board increased retail selling prices of spirits on March 3rd, 1943, to the extent required to meet the guarantee conditions. Such increases amounted to .25 cents per small bottle, .50 cents per medium-sized bottle and .75 cents per Imperial quart.

The sales of spirits, beer and wine from liquor stores during the twelve months amounted to \$39,460,496.58. The net value of beer sold from breweries and brewers' retail stores, i.e., exclusive of any charge for containers, totalled \$50,523,428.73. Sales of native wine made direct to customers from licensed native wine sales offices, and, where permitted, from winery premises, amounted to \$3,177,121.93.

The following comparative sales statistics are given for the fiscal year under review and also for the preceding twelve months:—

The above statistics show that the sales of spirits, wines and beers through the liquor stores increased to an extent of \$6,424,652.92. Operating and administration expenses, including depreciation at \$2,054,315.43, were higher to an extent of \$105,672.93 as compared with the preceding year.

As shown before in this report, the Board paid to the Provincial Treasurer the sum of \$16,225,000.00 on account of Profits, License Fees, etc., and \$1,050,000.00 from sales of Permits. The Board also paid, in accordance with the law, to the various municipalities, 20% of the fees received from Hotel Authorities, such amount totalling \$343,780.86, which was distributed to 318 municipalities.

Additional to the above substantial payments made by the Board, the Dominion Government received during the course of the year in Customs and Excise Duties and Sales and Excise Taxes on spirits, wines and imported beers purchased by the Board \$15,453,550.08. There also was paid to the Dominion Government for Malt Duties and Taxes on domestic beers and wines sold in Ontario approximately \$18,600,000.00, making a total of about \$34,000,000.00.

It will therefore be seen that the grand total of revenue payments received by the respective Municipal, Provincial and Dominion Governments reached a total of over \$51,500,000.00 as a result of levies on alcoholic beverages sold in Ontario during the year. This amount was exclusive of Municipal realty and Provincial and Dominion corporation taxes paid by the respective manufacturers.

Since the commencement of operations of the Liquor Control Board of Ontario in June, 1927, until March 31st, 1943, payments to the Provincial Treasurer have reached a grand total of \$155,980,671.00.

As mentioned in previous reports, the policy of the Liquor Control Board has been to have periodical analyses made by the Chief Provincial Analyst of all brands of beer produced by the Ontario Breweries, as well as the products of the Quebec Breweries, who are licensed to sell in the Province. The analyses last year indicated that all the samples examined conformed to the requirements of the Regulations passed pursuant to The Food and Drugs Act of Canada.

WINERIES

Periodical analyses totalling 331 of the products of all Ontario licensed wineries were continued throughout the year for the Board by the Provincial Department of Health in order to ensure that they conformed to the Board's Regulations with respect to native wine. Additional thereto, 125 samples of grape juice were analysed in connection with the production of Canadian brandy.

A price of \$45.00 per ton payable by wine manufacturers to the grape growers for grapes delivered for wine making was negotiated by the Board and proved acceptable to both parties, for the 1942 crop.

On March 31st, 1942, there were twenty-one wineries operating in Ontario. Sales were conducted direct from the premises of six wineries and from forty-three branch retail sales offices unchanged since the previous year-end.

The Head Offices of two wineries were moved to new locations, as follows:—

HOME-MADE WINE PERMITS

Since the Regulations which were designed to check the bootlegging of Home-made Wine became effective on January 1st, 1940, and which required that any person manufacturing more than 100 gallons of Home-made Wine must obtain a Permit from the Board, 1,154 Home-made Wine Permits had been issued up to March 31st, 1942.

During the fiscal year herein reviewed a further 214 Home-made Wine Permits have been issued, thus bringing the total to 1,368.

Since January 1st, 1940, 30 Home-made Wine Permits have been cancelled for failure on the part of the Permittee to comply with these Regulations or other provisions of The Liquor Control Act.

AUTHORITIES FOR THE SALE OF BEER AND WINE

Complete details by Municipalities of the number of Authorities which were issued, cancelled, suspended or surrendered during the year, together with reinstatements, are set forth on Schedule IV.

On March 31st, 1943, the end of the fiscal year--there were 1,194 Hotel Authorities in operation, 259 Club Authorities, and 197 Military Mess Authorities.

Authorities were issued for six months to 36 Summer Hotels. Of these, two were extended to an annual basis after payment of the required additional fee.

The fee for Hotel, Railway, Social and Labour Club Authorities was increased on August 17th, 1942, to eight cents per gallon of beer purchased. For Veterans' Club Authorities the fee was increased on the same date to five cents per gallon of beer purchased when the sale is restricted to bottled beer. For such Clubs which sell draught and bottled beer, the fee was increased to eight cents per gallon. No change was made with respect to the 5% levy on the value of wine bought.

The minimum fee of \$300.00 per annum for full year Hotel and Railway Authorities, \$150.00 for six months' Summer Hotel Authorities, \$100.00 for Social Clubs and \$50.00 for Labour and Veterans' Clubs was continued.

The annual fees for Steamship Authorities and Military Mess Authorities were \$50.00 and \$30.00 respectively.

HOTELS

On March 31st, 1943, 1,310 Standard Hotel Licenses were effective, of which 1,194 possessed an Authority to sell beer and wine; 116 held only the Standard Hotel License. There was no change in fees.

Frequent inspections were made of all hotels and clubs in the Province by the Board's Inspectors, who are required to submit monthly conduct reports in respect of each premises visited, and also a more detailed report once per year.

PERMITS

From April 1st, 1942 to March 31st, 1943, there were 214,795 Individual Annual Liquor Permits issued. The sales of Special Single Purchase Permits totalled 4,450,739, the sale thereof being discontinued on December 31st, 1942. Individual Permits sold to non-residents, valid for a period not exceeding one month, numbered 2,574. In addition 2,229 Special Permits were issued to Physicians, Druggists, Hospitals, etc.

In accordance with the requirements of the Act, the Board, after thorough investigation deemed it advisable during the year to issue 2,737 Prohibitory Orders. Such action followed either notification relative to conviction for violation of the Act, or the receipt of a request or recommendation from some interested party, such as a relative, friend, magistrate, police officer, physician, relief officer, etc. These Prohibitory Orders comprised 631 full Board Orders which precluded the individual concerned from purchasing alcoholic beverages from any source, of which 24 resulted from Judges' Orders of Interdiction.

The remaining 2,106 were Orders which restricted the individual's liquor privileges.

Of these 2,106 cases, 729 were the result of convictions having been registered under the Criminal Code of Canada for intoxication while in charge of a motor vehicle. A further 621 followed the conviction of the individual for violation of The Liquor Control Act, and the premises of 418 of these were declared a "public place" within the meaning of the Act. The other Orders were issued as being in the best interests of all concerned according to the judgment of the Board from the available information at hand.

During the year, after full investigation and consideration, it was decided to fully revoke 595 and partially revoke 80 of the Prohibitory Orders which had been made effective at some prior date.

1,593 Special Permits were issued to Druggists. These Permits allowed the druggist to purchase alcohol in limited quantities for compounding and pharmaceutical purposes and also accorded him the privilege of buying rubbing alcohol for re-sale. The premises of all holders of Druggists' Special Permits were subject to periodical inspection and, in addition, druggists were required to maintain an accurate record of each purchase and sale of rubbing alcohol.

Efforts were continued to prevent the use of rubbing alcohol as a beverage and during the year the names of 18 addicts were posted with all druggists in the large communities of the Province.

SIR,—

Although my appointment to the Chief Commissionership of the Liquor Control Board of Ontario dated only from February 18th, 1944, I have the honour to submit herewith the Eighteenth Report for the twelve months' fiscal period, which ended the 31st of March, 1944.

FINANCIAL STATEMENT

The Balance Sheet, certified to by Messrs. Robertson, Robinson, McCannell & Dick, Chartered Accountants, shows the amount of fixed assets to be \$102,177.00. This amount represents the value of the Board's real estate, consisting of the land and buildings situated at 154 Wellington Street West, Toronto, 210 Victoria Avenue, Fort William, and 28 Silver Street, Cobalt, occupied as Warehouses or Stores, and the value of all furniture, equipment and alterations in the various premises of the Board, less depreciation, which, since the commencement of operations in June, 1927, has been provided to an extent of \$1,090,041.21.

Other assets totalled \$8,031,905.60, being comprised of the following items:

Cash on hand and in transit from branch banks.....	\$4,622,936.14
Accounts Receivable—hospital charge sales, beer levies, duty recoverable items, freight claims, fines, etc.....	333,908.19
Inventories of liquors and supplies.....	2,992,245.91
Prepaid items.....	82,815.36

Liabilities amounted to \$2,080,535.72 as follows:

Accounts Payable—for liquors and supplies, accrued charges, etc.....	1,860,344.66
Due Provincial Treasurer—for permit sales and confiscated stock.....	220,191.06

Sales of Individual and Special Permits during the twelve months amounted to a net figure of \$1,161,513.22, which, with an amount unpaid from the previous year of \$23,742.17, totalled \$1,185,255.39, of which \$975,000.00 was remitted to the Provincial Treasurer in accordance with the requirements of the Liquor Control Act of Ontario, Section 18 (2).

The item of \$9,935.67 represents a balance due for forfeited liquor, which was purchased by the Board after careful examination, and in accordance with the provisions of Section 132 (2) of the Act.

Contingent liabilities amounted to \$5,327,464.57. These items comprise the value of undelivered orders, and, also, the amount of customs or excise duties which will have to be paid on the goods, which were in bond on our premises March 31st, when the same are cleared. These items are not chargeable against, nor do they affect the operations of the Board for the period under review.

The Profit and Loss Account shows sales for the twelve months from Liquor Control Board Stores of \$43,907,838.35.

The same account shows a gross trading profit of \$16,997,594.70 with total expenses including depreciation and items written off, of \$2,552,025.02, which produced a net trading profit of \$14,445,569.68. This latter sum, together with other revenue derived from fees and taxes on Brewers and Wine Manufacturers and their products, as well as from Authority holders and from fines, which amounted to \$5,417,819.85, resulted in a total net income of \$19,863,389.53, which is carried to the Surplus Account.

For the purpose of comparison, the percentage that the cost of stock sold, miscellaneous earnings and expenses, and other revenue bear to the sales are given for the fiscal year of 1942-3, and the twelve months' period herewith reported upon.

The Surplus Account shows a balance at the commencement of the period of \$5,214,409.69, this being the amount carried forward from previous years' operations, which had not been transferred to the Provincial Treasurer. After the addition of \$747.66 which represented sundry adjustments, and the twelve months' net income of \$19,863,389.53, a total amount is shown of \$25,078,546.88. From this sum \$19,025,000.00 was remitted to the Provincial Treasurer. The total payments to the Provincial Treasurer during the twelve months were, therefore:—

On Account of Profits.....	\$19,025,000.00
On Account of Permits.....	975,000.00
	<hr/>
	\$20,000,000.00

Beside the Balance Sheet, Profit and Loss Account, and the Surplus Account, a statement showing the Expenses of Administration and Operation (Schedule 1) for the twelve months is also attached. Individual percentages which these expenses bear to the total sales are given for the twelve months and also for the preceding fiscal period. On March 31st, 1944, the staff comprised 1,144 employees, 305 of these being part-time or seasonally employed as against 944 permanent and 107 part-time employees at the previous year-end. The increased staff was required in order to facilitate the prompt issuance of Individual Permits for which an unprecedented demand developed.

In addition, all Liquor Control Board Stores, Brewers' Retail Stores, Breweries and Wineries privileged to sell alcoholic beverages in Ontario, as of March 31st, 1944, are set forth on Schedule II; a classification of permits and licenses issued appears on Schedule III, and a summary of Authorities and Standard Hotel License issued, cancelled, suspended, surrendered and reinstated during the year, with the number operative on March 31st, is set forth on Schedule IV.

SALES

As explained in our preceding report, the Dominion Government proclaimed on December 16th, 1942, "The Wartime Alcoholic Beverages Order, 1942," which limited the proof gallonage of spirits obtainable by each Liquor Commission of Canada during each twelve months commencing November 1st, 1942, to not more than 70% of the proof gallonage obtained during the preceding twelve months. With regard to wine the limitation was 80%, and beer, 90%.

The stringent sale limitations indicated in our previous report were continued and the rationing of spirits became more severe as shown by the following tabulation:—

Purchasers of Imported Wine and Imported Beer were required to possess an Individual Liquor Permit. The sales limitation established at the commencement of the year was four (4) bottles of imported wine and twenty-four (24) small bottles of Imported Beer per month.

On May 17th, 1943, a ration coupon sales plan for home consumers of domestic beer was inaugurated. This involved the issuance of Individual Beer Coupon Books, free of charge, to persons of the full age of twenty-one years. Applicants for such books were required to submit their National Registration Certificates for endorsement to the issuer, and, with respect to members of the Armed Forces, their Identification Cards. One Coupon allowed the book-holder to purchase six small bottles of beer; two coupons, six large or twelve small bottles, four coupons, 12 large or 24 small bottles, etc.

For the month of May, four coupons were declared valid while for each of the succeeding months, until December, six coupons were declared valid, or, in other words, thirty-six (36) small bottles or the equivalent were procurable per book-holder monthly.

On December 1st, 1943, the monthly ration was reduced to twenty-four (24) small bottles or the equivalent and for which, four coupons were required.

Such monthly ration was continued for the remainder of the fiscal year. The number of Individual Beer Ration Coupon Books outstanding at each month-end were as follows:—

Notwithstanding the restriction in the monthly ration of beer for home consumption, the demand far exceeded the supply with the result that "line-ups" developed before the beer selling outlets. With a view of affording some measure of relief to such purchasers, the Board decided to allocate a larger proportion of the total gallonage of beer available to home consumers and, effective December 1st, 1943, a reduction was made in the gallonage of beer available to Clubs and Hotels thereby allowing a greater gallonage to be placed in Brewers' Retail Stores for sale to home consumers. Under the plan, hotel authority holders were limited monthly to 75% of the gallonage of beer which they purchased during the corresponding month of the period which ended October 31st, 1942—the basic period of the Dominion Government's Alcoholic Beverages Order, 1942—which Order restricted the available supply of beer to 90% of the basic period. The reduced gallonage resulted in the Ontario Hotel Industry having for sale a volume of beer approximating that which it sold during the first year of the War when a free market for beer existed.

With respect to Clubs holding authorities, there was made available to them a gallonage of beer not exceeding the equivalent of twenty-four (24) small bottles per member per month of full operation based on the actual membership of any Club holding an authority.

Six Brewers' Retail Stores were established by the Brewers' Warehousing Company by order of the Board during December, 1943, in Toronto, Hamilton, Windsor and Ottawa as a further endeavour to eliminate the queues of purchasers which had been forming daily before adjacent shops.

On June 14th, 1943, a somewhat similar ration coupon sales plan for home consumers of Ontario Wine became effective. Individual Ontario Wine Ration Coupon Books became available to persons of the full age of twenty-one years, free of charge, upon the applicant submitting his or her National Registration Certificate for endorsement; members of the Armed Forces submitting their Identification Cards or proof of identity or status in the Armed Forces.

The maximum quantity authorized by the Board as saleable to holders of Individual Ontario Wine Ration Coupon Books for each calendar week from June 14th was three (3) bottles. One "coupon" permitted the sale of one twenty-six-ounce (26-oz.) bottle. On August 16th the authorized weekly ration

was reduced to two (2) bottles which was continued for the remainder of the fiscal year.

Books outstanding at each month-end were as follows:—

"Loose" beer or wine coupons were at all times considered invalid.

The sale of Spirits, beer and wine from liquor stores during the twelve months amounted to \$43,907,838.35. The net value of beer sold from breweries and brewers' retail stores, i. e., exclusive of any charge for containers, totalled \$48,647,605.09. Sales of native wine made direct to customers from licensed native wine sales offices, and, where permitted, from winery premises, amounted to \$3,264,069.83.

The following comparative sales statistics are given for the fiscal year under review and also for the preceding twelve months:—

The above statistics show that the sales of spirits, wines and beers through the liquor stores increased to an extent of \$4,477,341.77. Operating and administration expenses, including depreciation at \$2,552,025.02, were higher to an extent of \$497,709.59 as compared with the preceding year.

As shown before in this report, the Board paid to the Provincial Treasurer the sum of \$19,025,000.00 on account of Profits, License Fees, etc., and \$975,000.00 from sales of Permits. The Board also paid, in accordance with the law, to the various municipalities, 20% of the fees received from Hotel Authorities, such amount totalling \$319,058.62, which was distributed to 316 municipalities.

Additional to the above substantial payments made by the Board, the Dominion Government received during the course of the year in Customs and Excise Duties and Sales and Excise Taxes on spirits, wines and imported beers purchased by the Board, \$14,638,280.12. There also was paid to the Dominion Government for Malt Duties and Taxes on domestic beers and wines sold in Ontario approximately \$18,000,000.00, making a total of about \$32,600,000.00.

Therefore the grand total of revenue payments received by the respective Municipal, Provincial and Dominion Governments reached a total of slightly under \$53,000,000.00 as a result of levies on alcoholic beverages sold in Ontario during the year. This amount was exclusive of Municipal realty and Provincial and Dominion corporation taxes paid by the respective manufacturers.

Since the commencement of operations of the Liquor Control Board of Ontario in June, 1927, until March 31st, 1944, payments to the Provincial Treasurer have reached a grand total of \$175,980,671.00.

Canada Bud Breweries Ltd. to O'Keefe's Ale Brewery Ltd.
 284 Simcoe St., Toronto,
 on October 1st, 1943.

As mentioned in previous reports, the policy of the Liquor Control Board has been to have periodical analyses made by the Chief Provincial Analyst of all brands of beer produced by the Ontario Breweries, as well as the products of the Quebec Breweries who are licensed to sell in the Province. The analyses of last year indicated that all the samples examined conformed to the requirements of the Regulations passed pursuant to The Food and Drug Act of Canada.

WINERIES

251 analyses of the products of all Ontario licensed wineries were effected during the year for the Board by the Provincial Department of Health in order to ensure that they conformed to the Board's Regulations with respect to Ontario wine. In addition twelve wineries availed themselves of the facilities of the

Provincial Board of Health Laboratories and procured twenty-seven cultures of wine yeast.

A price of \$50.00 per ton payable by wine manufacturers to the grape growers for grapes delivered for wine making was negotiated by the Board and proved acceptable to both parties, for the 1943 crop.

On March 31st, 1944, there were twenty-one wineries operating in Ontario. Sales were conducted direct from the premises of six wineries and from forty-three branch retail sales offices, there being no change since the previous year-end.

The following statistics of gallonage of native wine sold have been compiled from the monthly reports submitted to the Board by the respective wineries:

Last year, 402,843 gallons of native wine were distilled into grape spirit for wine fortification, while during the year under review, 4,037 gallons were used for such purposes.

HOME-MADE WINE PERMITS

Since the Regulations which were designed to check the bootlegging of Home-made Wine became effective on January 1st, 1940, and which required that any person manufacturing more than 100 gallons of Home-made Wine must obtain a Permit from the Board, 1,368 Home-made Wine Permits had been issued up to March 31st, 1943.

During the fiscal year herein reviewed a further 42 Home-made Wine Permits have been issued, thus bringing the total to 1,410.

Since January 1st, 1940, 31 Home-made Wine Permits have been cancelled for failure on the part of the Permittee to comply with these Regulations or other provisions of the Liquor Control Act.

AUTHORITIES FOR THE SALE OF BEER AND WINE

The Minimum fee of \$300.00 per annum for full year Hotel and Railway Authorities, \$150.00 for six months' Summer Hotel Authorities, \$100.00 for Social Clubs and \$50.00 for Labour and Veterans' Clubs was continued.

The annual fees for Steamship Authorities and Military Mess Authorities were \$50.00 and \$30.00 respectively.

As of December 1st, 1943, a change in administrative policy with respect to the transfer of hotel authorities became effective. Whereas previously in the transfer of an hotel authority to a new owner the purchaser was required to pay the transfer fee to the Board, it was ordered that such fee, after December 1st, 1943, should be payable to the Board by the Vendor according to a graduated scale which was based on the gross value of the gallonage of beer purchased by the hotel authority-holder during the preceding twelve months. Such scale required the payment to the Board in the case of an hotel authority-holder purchasing 10,000 gallons during the preceding twelve months of a transfer fee approximating \$1,600.00. Where 30,000 gallons had been purchased, the transfer fee approximated \$9,600.00; in the case of an hotel authority-holder purchasing 100,000 gallons of beer, the transfer fee amounted to \$88,000.00. The establishment of such higher transfer fees resulted in any "unearned increment" which had developed by virtue of the operation of the authority by the hotel-keeper accruing to the benefit of the people of Ontario through the payment of such value by the Board to the Provincial Treasury.

In "authorized" premises, the hours of sale of beer and wine were restricted to 10.30 a.m. to 2 p.m.; 4 p.m. to 6.30 p.m., and 7.30 p.m. to 10 p.m., with clearance of beverage rooms by 10.30 p.m. daily, except on Saturdays and public holidays, when the afternoon closing rule did not apply. Service of beer in guest rooms of hotels holding "authorities" was prohibited.

Authorities were issued for six months to 38 Summer Hotels. Of these, five were extended to an annual basis after payment of the required additional fee.

On March 31st, 1944, the end of the fiscal year—there were 1,193 Hotel Authorities in operation, 237 Club Authorities, and 204 Military Mess Authorities.

Complete details by Municipalities of the number of Authorities which were issued, cancelled, suspended or surrendered during the year, together with reinstatements, are set forth on Schedule IV.

HOTELS

On March 31st, 1944, 1,292 Standard Hotel Licenses were effective, of which 1,193 possessed an Authority to sell beer and wine; 99 held only the Standard Hotel License. There was no change in fees.

Frequent inspections were made of all hotels and clubs in the Province by the Board's Inspectors, who are required to submit monthly conduct reports in respect of each premises visited, and also a more detailed report once per year.

PERMITS

From April 1st, 1943, to March 31st, 1944, there were 1,280,306 Individual Annual Liquor Permits issued. Individual Permits sold to non-residents, valid for a period not exceeding one month, numbered 102,005. In addition, 4,178 Special Permits were issued to Physicians, Druggists, Hospitals, etc.

In accordance with the requirements of the Act, the Board deemed it advisable during the year to issue 3,334 Prohibitory Orders. Such action followed either notification relative to conviction for violation of the Act, or the receipt of a request or recommendation from some interested party, such as a relative, friend, magistrate, police officer, physician, relief officer, etc. These Prohibitory Orders comprised 1,506 full Board Orders which precluded the individual concerned from purchasing alcoholic beverages from any source, of which 48 resulted from Judges' Orders of Interdiction, and 621 were the result of convictions having been registered under the Criminal Code of Canada for intoxication while in charge of a motor vehicle.

Of the remaining 1,828 Orders, which varied in degree of restriction, 672 followed the conviction of the individual for violation of The Liquor Control Act, and the premises of 283 of these were declared a "public place" within the meaning of the Act. The other Orders were issued as being in the best interest of all concerned according to the judgment of the Board.

During the year, after full investigation and consideration, it was decided to fully revoke 820 and partially revoke 119 of the Prohibitory Orders which had been made effective at some prior date.

1,571 Special Permits were issued to Druggists. These Permits allowed the druggist to purchase liquor in limited quantities for compounding medicines or as a solvent or preservative. It also accorded him the privilege of buying rubbing alcohol for re-sale. The premises of all holders of Druggists' Special Permits were subject to periodical inspection and, in addition, druggists were required to maintain an accurate record of each purchase and sale of rubbing alcohol.

Efforts were continued to prevent the use of rubbing alcohol as a beverage, and during the year the names of 83 addicts were posted with all druggists in the large communities of the Province.

GENERAL

I desire to express my appreciation of the co-operation extended to me by the staff in general.

I have the honour to be, Sir,

Your obedient servant,

V. T. GOGGIN,

Chief Commissioner.

Liquor Control Board of Ontario

454 University Avenue,
TORONTO 2, Ontario
December 31st, 1945.

TO THE HONOURABLE GEORGE A. DREW, K.C.,
Prime Minister of Ontario,
Parliament Buildings, Queen's Park, Toronto 5, Ontario.

Sir,—

I have the honour to submit herewith the Nineteenth Report for the twelve months' fiscal period which ended the 31st of March, 1945.

FINANCIAL STATEMENT

The Balance Sheet, certified to by Messrs. Robertson, Robinson, McCannell & Dick, Chartered Accountants, shows the amount of fixed assets to be \$102,177.00. This amount represents the value of the Board's real estate, consisting of the land and buildings situated at 154 Wellington Street West, Toronto, 210 Victoria Avenue, Fort William, and 28 Silver Street, Cobalt, occupied as warehouses and stores, and the value of all furniture, equipment and alterations in the various premises of the Board, less depreciation, which, since the commencement of operations in June, 1927, has been provided to an extent of \$1,098,518.19.

Other assets totalled \$7,430,321.79 being comprised of the following items:

Cash on hand and in transit from branch banks.....	\$3,302,744.28
Accounts Receivable—hospital charge sales, beer levies, duty recoverable items, freight claims, fines, etc.	445,762.62
Inventories of liquors and supplies.....	3,628,220.02
Prepaid items.....	53,594.87

Liabilities amounted to \$1,009,803.05 as follows:

Accounts Payable—for liquors and supplies, accrued charges, etc....	997,165.49
Due Provincial Treasurer—Confiscated Stock.....	12,637.56

The proceeds from sales of Individual and Special Permits which were previously payable to The Provincial Treasurer are now, according to an amendment to The Liquor Control Act of Ontario, included in the revenue of the Board. The amount unpaid from the previous year totalled \$210,255.39 which was remitted to The Provincial Treasurer.

The item of \$12,637.56 represents a balance due for forfeited liquor which was purchased by the Board after careful examination and in accordance with the provisions of Section 132 (2) of The Act.

Contingent liabilities amounted to \$5,603,416.14. These items comprise the value of undelivered orders and also the amount of Customs and Excise Duties which will have to be paid on the goods which were in bond on our premises March 31st, when the same are cleared. These items are not chargeable against, nor do they affect the operations of The Board for the period under review.

The Profit and Loss Account shows sales for the twelve months from Liquor Control Board stores of \$38,346,454.16.

The same account shows a gross trading profit of \$14,179,205.70 with total expenses, including depreciation and items written off, of \$3,025,117.81 which produced a net trading profit of \$11,154,087.89. This latter sum, together with other revenue derived from permit sales, fees and taxes on brewers and wine manufacturers and their products, as well as from authority holders and from fines which amounted to \$7,870,184.78, resulted in a total net income of \$19,024,272.67. The expenses incurred by The Liquor Authority Control Board since October 24th, 1944, the date on which The Liquor Authority Control Act came into force, amounted to \$53,261.75. This item is chargeable against the profits of The Liquor Control Board as provided by Section 10 of The Liquor Authority Control Act. The net income of the Board was reduced thereby to \$18,971,010.92 which is carried to the Surplus Account.

For the purpose of comparison, the percentage that the cost of stock sold, miscellaneous earnings and expenses and other revenue bear to the sales are given for the fiscal year 1943-4 and the twelve month's period herewith reported upon.

The Surplus Account shows a balance at the commencement of the period of \$6,053,546.88, this being the amount carried forward from the previous year's operations which had not been transferred to The Provincial Treasurer. After the addition of \$499.04 which represented sundry adjustments and the twelve months' net income of \$18,971.010.92, a total amount is shown of \$25,025,056.84. From this sum \$18,502,361.10 was remitted to The Provincial Treasurer. The total payments to The Provincial Treasurer during the twelve months were therefore:

On Account of Profits.....	\$18,502,361.10
On Account of 1943-4 Permits.....	210,255.39
<hr/>	
	\$18,712,616.49

Besides the Balance Sheet, Profit and Loss Account and the Surplus Account, a statement showing the expenses of Administration and Operation

for the twelve months is also attached. Individual percentages which these expenses bear to the total sales are given for the twelve months and also for the preceding fiscal period. On March 31st, 1945, the staff comprised 1,170 employees, 314 of these being part-time or seasonally employed, as against 839 permanent and 305 part-time employees at the previous year-end.

All Liquor Control Board stores, brewers' retail stores, breweries and wineries privileged to sell alcoholic beverages in Ontario, as of March 31st, 1945, are set forth on Schedule II; a classification of permits and licenses issued appears on Schedule III, and a summary of Authorities and Standard Hotel licenses issued, cancelled, suspended, surrendered and re-instated during the period from April 1st to October 23rd, 1944, is set forth on Schedule IV.

SALES

The application of the Dominion Government's "Wartime Alcoholic Beverages Order, 1942" continued during the year under review. Such Order, as explained in our previous report, limited the proof gallonage of spirits obtainable by each Liquor Commission of Canada during each twelve months commencing November 1st, 1942, to not more than 70% of the proof gallonage obtained during the twelve months which ended October 31st, 1942. With regard to wine, the limitation was 80%, and beer, 90%. The application of this Order to domestic beer was revoked on March 13th, 1944, but as the volume of beer available was insufficient to meet the demand, sales limitations were continued in order to ensure maximum equality in distribution. The quantity of spirits available continued to be restricted by the Dominion's Order and rationing thereof had to be extended over the entire twelve months.

The monthly sales limitations per individual permit-holder and the concurrent month-end outstanding permits were as follows:

Month	Monthly Limitation per Individual Permit-holder	Number of Annual Individual Permits Out- standing at Month-end
April, 1944.....	26 oz.	629,637
May.....	26 oz.	786,428
June.....	13 oz.	893,617
July.....	13 oz.	1,006,208
August.....	13 oz.	1,090,763
September.....	13 oz.	1,192,887
October.....	26 oz.	1,265,580
November.....	26 oz.	1,344,411
December.....	26 oz.	1,476,093
January, 1945.....	26 oz.	1,500,347
February.....	26 oz.	1,519,523
March.....	26 oz.	1,537,497

The sales limitation established during the preceding fiscal year of four bottles of imported wine and twenty-four small bottles, or the equivalent, of imported beer, monthly, was continued. Likewise, the monthly sales limitation of domestic beer for home consumption was limited to twenty-four pints, or the equivalent, per individual beer ration coupon book-holder.

The number of individual beer ration coupon books outstanding each month-end was as follows:

Month-end 1944	Total Issued
April 1st—Cumulative total since commencement of issue to March 31st, 1944.....	1,156,873
April 30th	1,233,394

 January 31st.....	 1,335,293
February 28th.....	1,382,389
March 31st.....	1,455,223

The available supply of domestic beer was insufficient to entirely meet the demand and necessitated the continued monthly allotting of beer to authority holders during the entire fiscal year.

Restrictions on the sale of Ontario wine for home consumption were continued from April 1st, 1944, to March 31st, 1945, at two bottles (26 ounces) per two-week period. Ration coupon books outstanding each month-end were as follows:

Month-end 1944	Total Issued

April 30th	520,520

The sale of spirits, beer and wine from liquor stores during the twelve months amounted to \$38,346,454.16. The net value of beer sold from breweries and brewers' retail stores, exclusive of any charge for containers, totalled \$61,034,601.10. Sales of Ontario wine made direct to customers from licensed

Ontario wine sales offices and, where permitted, from winery premises amounted to \$3,504,791.69.

The following comparative sales statistics are given for the fiscal year under review and also for the preceding twelve months:

As shown in this report, the Board paid to The Provincial Treasurer the sum of \$18,712,616.49 on account of Profits, License Fees, etc. The Board also paid, in accordance with the law, to the various municipalities, 20% of the fees received from Hotel Authorities, such amount totalling \$335,860.67 which was distributed to 315 municipalities.

Additional to the above substantial payments made by the Board, the Dominion Government received during the course of the year in Customs

and Excise Duties and Sales and Excise Taxes on spirits, wines and imported beers purchased by the Board, \$14,219,549.62. There also was paid to the Dominion Government for Malt Duties and Taxes on domestic beers and wines sold in Ontario approximately \$22,000,000.00, making a total of about \$36,200,000.00.

Therefore, the grand total of revenue payments received by respective Dominion, Provincial and Municipal Governments was in excess of \$55,000,000.00 as a result of levies on alcoholic beverages sold in Ontario during the year. This amount was exclusive of Dominion and Provincial corporation and Municipal realty taxes paid by the respective manufacturers and authority holders.

The numbers of Brewers' Retail Stores in operation at the year-end totalled one hundred and twenty-five, one store having been opened during the period at:

125W Main & Gilbert Streets, Delhi, on November 15th, 1944.

From June 1st to September 30th, 1944, a Brewers' Retail Store was operated at Jackson's Point.

As mentioned in previous reports, the policy of The Liquor Control Board has been to have periodical analyses made by the Chief Provincial Analyst of all brands of beer produced by Ontario brewers, as well as the products of the Quebec breweries which are licensed to sell in the Province. The analyses of last year indicated that all the samples examined conformed to the requirements of the Regulations passed pursuant to The Food and Drug Act of Canada.

WINERIES

309 analyses of the products of all Ontario licensed wineries were carried out during the year for the Board by The Provincial Department of Health in order to ensure that they conformed to the Board's regulations with respect to Ontario wine. In addition nine wineries availed themselves of the facilities of The Provincial Board of Health Laboratories and procured twenty-seven cultures of yeast for wine-making.

A price of \$65.00 per ton payable by wine manufacturers to the grape-growers for grapes delivered for wine-making was negotiated by the Board and proved acceptable to both parties for the 1944 crop.

On March 31st, 1945, there were twenty-one wineries operating in Ontario. Sales were conducted direct from the premises of six wineries and from forty-three branch retail sales offices, there being no change since the previous year-end.

The following statistics of gallons of Ontario wine sold have been compiled from the monthly reports submitted to the Board by the respective wineries:

AUTHORITIES FOR THE SALE OF BEER AND WINE

On October 24th, 1944, an Act known as "The Liquor Authority Control Act, 1944" was brought into force by the proclamation of The Lieutenant-Governor. It provided for the creation of The Liquor Authority Control Board of Ontario.

By virtue of this new Act, the responsibility of issuing authorities for the sale of beer and wine and the renewal, transfer, suspension or cancellation thereof passed from The Liquor Control Board of Ontario to the new Board. The new Act provided that authority fees should continue to be paid to The Liquor Control Board of Ontario, transfer fees directly to The Provincial Treasurer and also (after amendment) for the payment of the expenses of the new Board by The Liquor Control Board of Ontario. Authority fees were continued at the same rates.

Complete details by municipalities of the number of authorities which were issued, cancelled, suspended or surrendered, together with re-instatements from April 1st, 1944, to October 23rd, 1944, are set forth on Schedule IV.

On October 23rd, 1944, 1,318 Standard Hotel licenses were effective, of which 1,231 possessed authority to sell beer and wine; 87 held only the Standard Hotel license. There were also 263 Clubs and 216 Military Mess authorities then operative.

HOTELS

Effective October 24th, 1944, the provisions of The Liquor Control Act of Ontario relative to "Standard" hotels and the regulations passed pursuant thereto were repealed.

HOME-MADE WINE PERMITS

Since the regulations became effective on January 1st, 1940, which required that any person manufacturing more than 100 gallons of Home-Made Wine must obtain a permit from the Board, 1,410 Home-Made Wine Permits had been issued up to March 31st, 1944.

During the fiscal year herein reviewed, a further 49 Home-Made Wine Permits have been issued, thus bringing the total to 1,459.

Since January 1st, 1940, 32 Home-Made Wine Permits have been cancelled for failure on the part of the permittee to comply with these regulations or other provisions of The Liquor Control Act.

PERMITS

From April 1st, 1944 to March 31st, 1945, there were 1,537,497 individual annual liquor permits issued. Individual permits sold to non-residents valid for a period not exceeding one month numbered 112,106. In addition 5,578 special permits were issued to physicians, druggists, hospitals, etc.

In accordance with the requirements of the Act, the Board deemed it advisable during the year to issue 4,167 Prohibitory Orders. Such action followed either notification relative to conviction for violation of the Act, or the receipt of a request or recommendation from some interested party, such as a relative, friend, magistrate, police officer, physician, relief officer,

etc. These Prohibitory Orders comprised 1,342 full Board Orders which precluded the individual concerned from purchasing alcoholic beverages from any source, of which, 42 resulted from Judges' Orders of Interdiction and 463 were the result of convictions having been registered under The Criminal Code of Canada for intoxication while in charge of a motor vehicle.

Of the remaining 2,825 Orders which varied in degree of restriction, 1,025 followed the conviction of the individual for violations of The Liquor Control Act and the premises of 406 of these were declared a "public place" within the meaning of the Act. The other Orders were issued as being in the best interest of all concerned according to the judgment of the Board.

During the year, after full investigation and consideration, it was decided to fully revoke 649 and partially revoke 120 of the Prohibitory Orders which had been made effective at some prior date.

1,565 Special Permits were issued to Druggists, three of which were suspended during the year. These Special Permits allowed the druggist to purchase liquor in limited quantities for compounding medicines or for use as a solvent or preservative. It also accorded him the privilege of buying rubbing alcohol for resale. The premises of all holders of Druggists' Special Permits were subject to periodical inspections and, in addition, druggists were required to maintain an accurate record of each purchase and sale of rubbing alcohol.

Efforts were continued to prevent the use of rubbing alcohol as a beverage and during the year, the names of 41 addicts were posted with all druggists in the large communities of the Province.

Liquor Control Board of Ontario

454 University Avenue,
TORONTO 2, Ontario.
December 31st, 1946.

TO THE HONOURABLE GEORGE A. DREW, K.C.,
The Prime Minister of Ontario,
Parliament Buildings, Queen's Park, Toronto 5, Ontario.

Sir,—

Although my appointment as Chief Commissioner of The Liquor Control Board of Ontario dated only from May 6th, 1946, I have the honour to submit herewith the Twentieth Report of the Board for the twelve months' fiscal period which ended the 31st of March, 1946.

FINANCIAL STATEMENT

The Balance Sheet, certified to by Messrs. Robertson, Robinson, McCannell & Dick, Chartered Accountants, shows the amount of fixed assets to be \$102,177.00. This amount represents the value of the Board's real estate consisting of the land and buildings situated at 154 Wellington Street West, Toronto; 210 Victoria Avenue, Fort William; and 28 Silver Street, Cobalt, occupied as warehouses and stores, and the value of all furniture, equipment and alterations in the various premises of the Board, less depreciation, which, since the commencement of operations in June, 1927, has been provided to an extent of \$1,122,521.87.

Other assets totalled \$13,937,171.50 being comprised of the following items:

Cash on hand and in transit from branch banks	\$10,486,184.07
Accounts Receivable—hospital charge sales, beer levies, duty recoverable items, freight claims, fines, etc.	565,068.92
Inventories of liquors and supplies	2,826,960.07
Prepaid items	58,958.44

Liabilities amounted to \$1,138,264.32 as follows:

Accounts Payable—for liquors and supplies, accrued charges etc....	1,113,471.99
Due Provincial Treasurer—Confiscated Stock.....	24,792.33

The item of \$24,792.33 represents a balance due for forfeited liquor which was purchased by the Board after careful examination and in accordance with the provision of Section 132(2) of The Act.

Contingent liabilities amounted to \$8,519,684.77. These items comprise the value of undelivered orders and also the amount of Customs and Excise Duties which will have to be paid on the goods which were in bond on our premises March 31st, when the same are cleared. These items are not chargeable against, nor do they affect the operations of the Board for the period under review.

The Profit and Loss Account shows sales for the twelve months from Liquor Control Board stores of \$64,116,310.49.

The same account shows a gross trading profit of \$24,767,049.78 with total expenses, including depreciation and items written off, of \$3,166,177.83 which produced a net trading profit of \$21,600,871.95. This latter sum together with other revenue derived from permit sales, fees and taxes on brewers and wine manufacturers and their products, as well as from authority holders and from fines which amounted to \$8,923,559.18, resulted in a total net income of \$30,524,431.13. The expenses incurred by The Liquor Authority Control Board amounted to \$151,415.07. This item is chargeable against the profits of The Liquor Control Board as provided by Section 10 of The Liquor Authority Control Act. The net income of the Board was reduced thereby to \$30,373,016.06 which is carried to the Surplus Account.

For the purpose of comparison, the percentage that the cost of stock sold, miscellaneous earnings and expenses and other revenue bear to the sales are given for the fiscal year 1944-45 and the twelve months' period herewith reported upon.

The Surplus Account shows a balance at the commencement of the period of \$6,522,695.74, this being the amount carried forward from the previous year's operations which had not been transferred to The Provincial Treasurer. After the addition of \$5,372.38 which represented sundry adjustments and the twelve months' net income of \$30,373,016.06, a total amount is shown of \$36,901,084.18. From this sum, \$24,000,000.00 was remitted to The Provincial Treasurer.

Besides the Balance Sheet, Profit and Loss Account and the Surplus Account, a statement showing the expenses of Administration and Operation for the twelve months is also attached. Individual percentages which these bear to the total sales are given for the twelve months and also for the preceding fiscal period. On March 31st, 1946, the staff comprised 1,284 employees, 315 of these being part-time or seasonally employed, as against 856 permanent and 314 part-time employees at the previous year-end.

All Liquor Control Board stores, brewers' retail stores, breweries and wineries from which alcoholic beverages are sold in Ontario, as of March 31st, 1946, are set forth on Schedule II and a classification of permits and licenses issued appears on Schedule III.

SALES

The application of The Dominion Government's "Wartime Alcoholic Beverages Order, 1942" (in so far as it related to "spirits" and "wine") continued during the year under review until August 3rd, 1945, on which date, this Order was revoked.

The quantity of spirits and wine available was insufficient to meet the demand and sales limitations were continued in an effort to ensure maximum equality of distribution.

The sale of spirits, beer and wine from liquor stores during the twelve months amounted to \$64,116,310.49. The net value of beer sold from breweries and brewers' retail stores, exclusive of any charge for containers, totalled

\$66,879,189.66. Sales of Ontario wine made direct to customers from licensed Ontario wine sales offices and, where permitted, from winery premises, amounted to \$4,780,567.98.

The following comparative sales statistics are given for the fiscal year under review and also for the preceding twelve months:

As shown in this report, the Board paid to The Provincial Treasurer the sum of \$24,000,000.00 on account of Profits, License Fees, etc. The Board also paid, in accordance with the law, to the various municipalities, 20% of the fees received from hotel authorities, such amount totalling \$394,952.98 which was distributed to 319 municipalities.

Additional to the above substantial payments made by the Board, the Dominion Government received during the course of the year in Customs and Excise Duties and Sales and Excise Taxes on spirits, wines and imported beers purchased by the Board, \$23,889,114.82. There also was paid to the Dominion Government for Malt Duties and Taxes on domestic beers and wines sold in Ontario approximately \$23,000,000.00, making a total of about \$47,000,000.00

Therefore, the grand total of revenue payments received by the respective Dominion, Provincial and Municipal Governments was in excess of \$71,000,-000.00 as a result of levies on alcoholic beverages sold in Ontario during the year. This amount was exclusive of Dominion and Provincial corporation and municipal realty taxes paid by the respective manufacturers and authority holders.

From June 1st to September 15th, 1945, a brewers' retail store was operated at Jackson's Point.

As mentioned in previous reports, the policy of The Liquor Control Board has been to have periodical analyses made by the Chief Provincial Analyst of all brands of beer produced by Ontario brewers as well as the products of the Quebec breweries which are licensed to sell in the Province. The analyses of last year indicated that all the samples examined conformed to the requirements of the Regulations passed pursuant to The Food and Drugs Act of Canada.

WINERIES

295 analyses of the products of all Ontario licensed wineries were carried out during the year for the Board by the Provincial Department of Health in order to ensure that they conformed to the Board's regulations with respect to Ontario wine. In addition nine wineries availed themselves of the facilities of The Provincial Board of Health Laboratories and procured thirty-three cultures of yeast for wine-making.

A price of \$65.00 per ton payable by wine manufacturers to the grape-growers for grapes delivered for wine-making was negotiated by the Board and proved acceptable to both parties for the 1945 crop.

On March 31st, 1946, there were twenty-one wineries operating in Ontario. Sales were conducted direct from the premises of six wineries and from forty-three branch retail sales offices, there being no change since the previous year-end.

The following statistics of gallons of Ontario wine sold have been compiled from the monthly reports submitted to the Board by the respective wineries:

HOME-MADE WINE PERMITS

Since the regulations became effective on January 1st, 1940, which required that any person manufacturing more than 100 gallons of Home-Made wines must obtain a permit from the Board, 1,459 Home-Made Wine Permits had been issued up to March 31st, 1945.

During the fiscal year herein reviewed, a further 27 Home-Made Wine Permits have been issued, thus bringing the total to 1,486.

Since January 1st, 1940, 36 Home-Made Wine Permits have been cancelled for failure on the part of the permittee to comply with these Regulations or other Provisions of The Liquor Control Act. In addition one Home-Made Wine Permit was recalled due to the fact that the period of its validity had expired.

PERMITS

Upon the expiration of the Individual Resident Permits on March 31st, 1945, it was decided, as a paper conservation measure, to extend the valid date of same to March 31st, 1946. This was done by use of an extension sticker upon payment of the regular annual permit fee of \$1.00. The number so extended totalled 1,464,503. In addition 96,392 leaflet permits were issued, making a total issue of 1,560,895 Individual Annual Liquor Permits for the year ending March 31st, 1946. Individual Permits sold to non-residents valid for a period not exceeding one month numbered 151,495. In addition 5,709 Special Permits were issued to Physicians, Druggists, Hospitals, etc.

In accordance with the requirements of the Act, the Board deemed it advisable during the year to issue 4,702 Prohibitory Orders. Such action followed either notification relative to conviction for violation of the Act, or the receipt of a request or recommendation from some interested party, such as a relative, friend, magistrate, police officer, physician, relief officer, etc. These Prohibitory Orders comprised 1,790 full Board Orders which precluded the individual concerned from purchasing alcoholic beverages from any source, of which, 20 resulted from Judges' Orders of Interdiction and 645 were the result of convictions having been registered under The Criminal Code of Canada for intoxication while in charge of a motor vehicle.

Of the remaining 2,912 Orders which varied in degree of restriction, 1,157 followed the conviction of the individual for violations of The Liquor Control Act and the premises of 543 of these were declared a "Public Place" within the meaning of the Act. The other Orders were issued as being in the best interest of all concerned according to the judgment of the Board.

During the year, after full investigation and consideration, it was decided to fully revoke 593 and partially revoke 106 of the Prohibitory Orders which had been made effective at some prior date.

1,590 Special Permits were issued to Druggists, seven of which were suspended during the year. These Special permits allowed the druggist to purchase liquor in limited quantities for compounding medicines or for use as a solvent or preservative. It also accorded him the privilege of buying rubbing alcohol for resale. The premises of all holders of Druggists' Special Permits were subject to periodical inspections and, in addition, druggists were required to maintain an accurate record of each purchase and sale of rubbing alcohol.

Efforts were continued to prevent the use of rubbing alcohol as a beverage and during the year, the names of 111 addicts were posted with all drugists in the large communities of the Province.

Liquor Control Board of Ontario

454 University Avenue
TORONTO 2, Ontario,
September 15th, 1947.

TO THE HONOURABLE GEORGE A. DREW, K.C.

The Prime Minister of Ontario,

Parliament Buildings, Queen's Park Toronto 5, Ontario

Sir,—

I have the honour to submit herewith the Twenty First Report of the Board for the twelve months' fiscal period which ended the 31st of March, 1947.

FINANCIAL STATEMENT

The Balance Sheet, certified to by Messrs. Robertson, Robinson, McCannell & Dick, Chartered Accountants, shows the amount of fixed assets to be \$102,177.00. This amount represents the value of the Board's real estate, consisting of the land and buildings situated at 154 Wellington Street West, Toronto, ; 210 Victoria Avenue, Fort William, and 28 Silver Street, Cobalt, occupied as warehouses and stores, and the value of all furniture, equipment and alterations in the various premises of the Board, less depreciation, which, since the commencement of operations in June, 1927, has been provided to an extent of \$1,248,475.00.

Other assets totalled \$22,921,580.28 being comprised of the following items:

Cash on hand and in transit from branch banks.....	\$16,146,366.86
Accounts Receivable—hospital charges sales, beer levies, duty recoverable items, freight claims, fines, etc.....	763,084.95
Inventories of liquors and supplies.....	5,974,200.85
Prepaid items	37,927.62

Liabilities amounted to \$1,121,572.00 as follows:

Accounts Payable—for liquors and supplies, accrued charges, etc....	\$1,090,952.11
Due Provincial Treasurer—Confiscated Stock.....	30,619.89

The item of \$30,619.89 represents a balance due for forfeited liquor which was purchased by the Board after careful examination and in accordance with the provisions of Section 132(2) of the Act.

A reserve account was set up on March 31st, 1947, for insurance and other contingencies to the extent of \$200,000.00.

Contingent liabilities amounted to \$6,439,528.02. These items comprise the value of undelivered orders and also the amount of Customs and Excise duties which will have to be paid on the goods which were in bond on our premises March 31st, when the same are cleared. These items are not chargeable against, nor do they affect the operations of the Board for the period under review.

The Profit and Loss Account shows sales for the twelve months from Liquor Control Board stores of \$73,983,727.38.

The same account shows a gross trading profit of \$29,145,776.13, with total expenses including depreciation and items written off, of \$3,812,642.90 which produced a net trading profit of \$25,333,133.23. This latter sum, together with other revenue derived from permit sales, fees and taxes on brewers and wine manufacturers and their products, as well as from authority holders and licencees, and from fines which amounted to \$9,841,428.40 resulted in a total net income of \$35,174,561.63. The expenses incurred by The Liquor Licence Board amounted to \$176,509.64. This item is chargeable against the profits of The Liquor Control Board as provided by Section 10 of The Liquor Licence Act, 1946. The net income of the Board was reduced thereby to \$34,998,051.99 which is carried to the Surplus Account.

For the purpose of comparison, the percentage that the cost of stock sold, miscellaneous earnings and expenses and other revenue bear to the sales are given for the fiscal year 1945-46 and the twelve months' period herewith reported upon.

The Surplus Account shows a balance at the commencement of the period of \$12,901,084.18, this being the amount carried forward from the previous year's operations which had not been transferred to The Provincial Treasurer. After the addition of \$3,049.11 which represented sundry adjustments and the deduction of \$200,000.00 for the aforementioned insurance reserve account, the twelve months net income of \$34,998,051.99 is added to produce a total amount of \$47,702,185.28. From this sum \$26,000,000.00 was remitted to The Provincial Treasurer.

Besides the Balance Sheet, Profit and Loss Account and the Surplus Account, a statement showing the expenses of Administration and Operation for the twelve months is also attached. Individual percentages which these bear to the total sales are given for the twelve months and also for the preceding fiscal period. On March 31st, 1947, the staff comprised 1173 employees, 72 of these being part-time or seasonally employed, as against 969 permanent and 315 part-time at the previous year-end.

All Liquor Control Board Stores, Brewers' Retail Stores, Breweries and Wineries from which alcoholic beverages are sold in Ontario, as of March 31st, 1947, are set forth on Schedule II and a classification of permits and licenses issued appears on Schedule III.

SALES

The sale of spirits, beer and wine from liquor stores during the twelve months amounted to \$73,983,727.38. The net value of beer sold from breweries and brewers' retail stores, exclusive of any charge for containers, totalled \$76,633,622.86. Sales of Ontario wine made direct to customers from licensed Ontario Wine Sales Offices and where permitted, from winery premises, amounted to \$4,951,696.63.

The use of wine and beer ration coupons was discontinued on January 31st, 1947, consequently, commencing February 1st, purchases of Ontario wine through the Board's stores and winery retail outlets and beer through the Board's stores and from brewery and brewers' retail stores were made by the

public without the necessity of the presentation of ration coupons.

The restrictions which had previously been in effect on all brands of spirits was lifted on February 28th, 1947, so that, subsequent to that date, all liquors were in free supply with the exception of the sale of imported whisky which, on account of the limited exporting power of the Scottish and Irish distillers was compelled to remain restrictive.

Although licences for the sale of liquor by hotels and clubs, in certain localities were issued by The Liquor Licence Board prior to March 31st, they did not become operative until April 1st, consequently, no sales or purchasing statistics of licencees appear in this report.

The following comparative sales statistics are given for the fiscal year under review and also for the preceding twelve months:

As shown in this report, the Board paid to The Provincial Treasurer the sum of \$26,000,000.00 on account of Profits, License Fees, etc. The Board also set aside for payment to the various municipalities a proportion of the fees received from Licencees, such amount totalling \$497,234.25 which was distributed to 321 municipalities.

Additional to the above substantial payments made by the Board, the Dominion Government received \$28,445,223.91 during the course of the year in Customs and Excise duties and Sales and Excise taxes on spirits, wines and imported beers purchased by the Board. There was also paid to the Dominion Government approximately \$26,000,000.00 for malt duties and taxes on domestic beers and wines sold in Ontario, making a total of about \$54,500,000.00.

Therefore, the grand total of revenue payments received by the respective Dominion, Provincial and Municipal Governments was approximately \$81,-000,000.00 as a result of levies on alcoholic beverages sold in Ontario during the year. This amount was exclusive of Dominion and Provincial corporation and municipal realty taxes paid by the respective manufacturers and authority holders.

As mentioned in previous reports, the policy of The Liquor Control Board has been to have periodical analyses made by the Chief Provincial Analyst of all brands of beer produced by Ontario brewers as well as the products of the Quebec breweries which are licensed to sell in the province. The analyses of last year indicated that all the samples examined conformed to the requirements of the Regulations passed pursuant to The Food and Drugs Act of Canada.

WINERIES

277 analyses of the products of all Ontario licensed wineries were carried out during the year for the Board by the Provincial Department of Health in order to ensure that they conformed to Board's regulations with respect to Ontario wine. In addition 9 wineries availed themselves of the facilities of The Provincial Board of Health Laboratories and procured 27 cultures of yeast for wine-making.

On March 31st, 1947, there were 20 wineries operating in Ontario. Sales were conducted direct from the premises of 5 wineries and from 43 branch retail sales offices. The reduction in the number of wineries from the previous year-end was caused by The Cooksville Wine Vaults being purchased by The London Winery Limited on July 30th, 1946.

The following statistics of gallons of Ontario wine sold have been compiled from the monthly reports to the Board by the respective wineries:

Last year 372,504 gallons of Ontario wine were distilled into grape-spirit for wine fortification while during the year under review 246,525 gallons were used for such purpose.

HOME-MADE WINE PERMITS

Since the regulations became effective on January 1st, 1940, which required that any person manufacturing more than 100 gallons of home--made wines must obtain a permit from the Board, 1486 Home-Made Wine Permits had been issued up to March 31, 1946.

During the fiscal year herein reviewed, a further 11 Home-Made Wine Wine Permits have been issued, thus bringing the total to 1497.

Since January 1st, 1940, 37 Home-Made Wine Permits have been cancelled for failure on the part of the permittee to comply with these regulations or other provisions of The Liquor Control Act.

PERMITS

1,220,149 Individual Annual Liquor Permits were issued for the year ending March 31st, 1947 Individual Permits sold to non-residents valid for a period not exceeding one month numbered 145,100. In addition 5250 Special Permits were issued to physicians, druggists, hospitals, etc.

In accordance with the requirements of the Act, the Board deemed it advisable during the year to issue 4,862 Prohibitory Orders. Such action followed either notification relative to conviction for violation of the Act or the receipt of a request or recommendation from some interested party such as a relative, friend, magistrate, police officer, physician, relief officer, etc. These Prohibitory Orders comprised 1,400 full Board Orders which precluded the individual concerned from purchasing alcoholic beverages from any source, of which 36 resulted from Judges' Orders of Interdiction and 955 were the result of convictions having been registered under The Criminal Code of Canada for intoxication while in charge of a motor vehicle.

Of the remaining 3,462 Orders which varied in degree of restriction, 1,315 followed the conviction of the individual for violations of The Liquor Control Act and the premises of 641 of these were declared a "Public Place" within the meaning of the Act. The other Orders were issued as being in the best interest of all concerned according to the judgment of the Board.

During the year, after full investigation and consideration, it was decided to fully revoke 493 and partially revoke 79 of the Prohibitory Orders which had been made effective at some prior date. Application for the revocation of 460 Prohibitory Orders was refused.

1602 Special Permits were issued to druggists, 3 of which were suspended during the year. These Special Permits allowed the druggist to purchase liquor in limited quantities for compounding medicine or for use as a solvent or preservative. It also accorded him the privilege of buying rubbing alcohol for resale. The premises of all holders of Druggists' Special Permits were subject to periodical inspections and, in addition, druggists were required to maintain an accurate record of each purchase for sale of rubbing alcohol.
